

# Every Move I Make

**G**                      **C**                      **D**  
Every move I make, I make in you

**C C**  
You make me move, Jesus

**G**                      **C**                      **D**                      **C-C**  
Every breath I take, I breathe in you

**G**                      **C**                      **D**  
Every step I take, I take in you

**C C**  
You are my way, Jesus

**G**                      **C**                      **D**                      **C-C**  
Every breath I take, I breathe in You

**G**                      **Am7**                      **Bm7**                      **C**  
Waves of mercy, waves of grace

**G**                      **Am7**                      **Bm7**                      **C**  
Everywhere I look I see your face

**G**                      **Am7**                      **Bm7**                      **C**  
Your love has captured me

**G**                      **Am7**                      **Bm7**                      **C**                      **G**                      **C**                      **D**                      **C**  
Oh my God, this love, how can it be?
